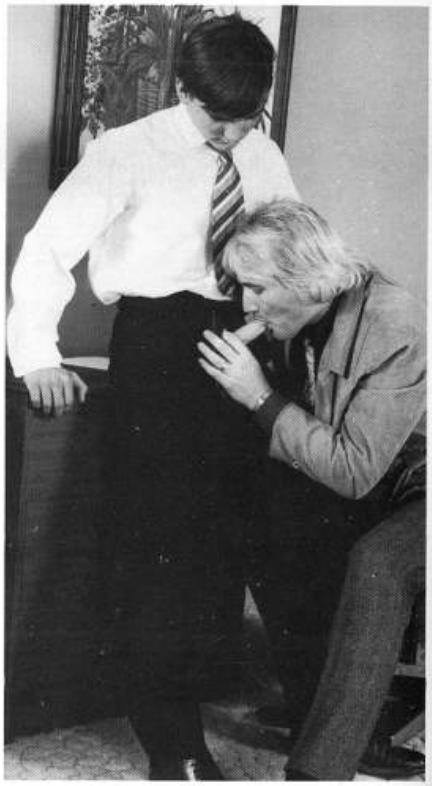
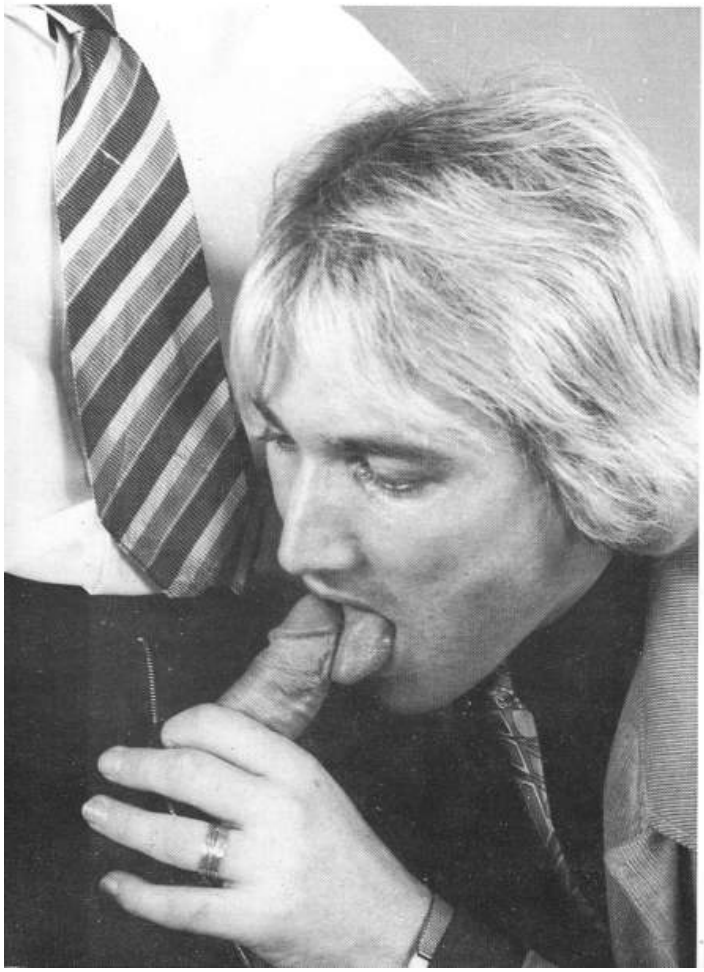
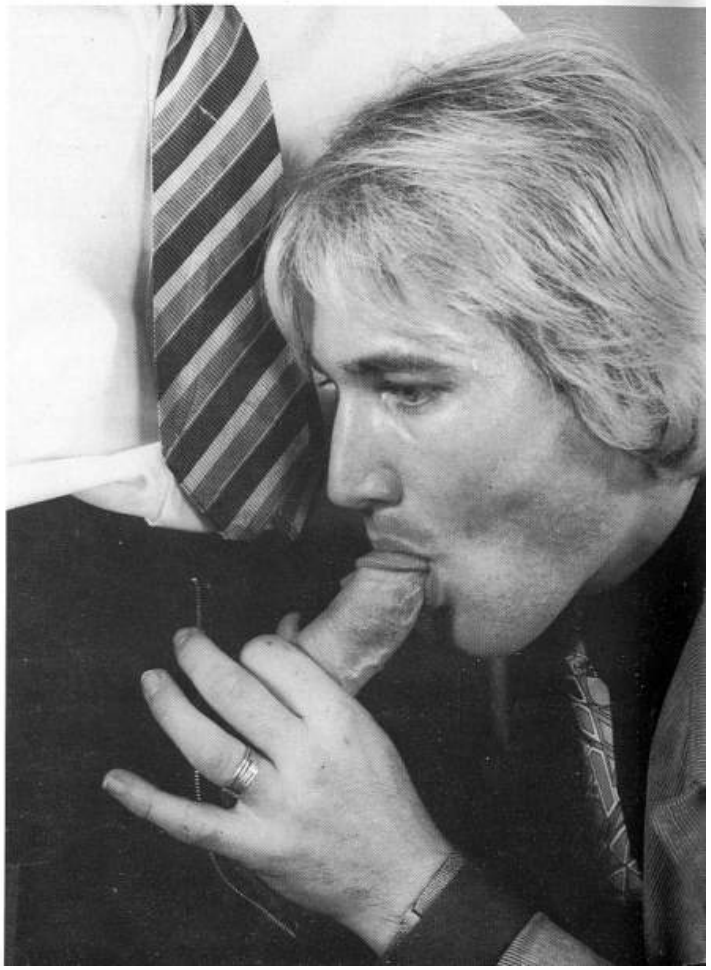
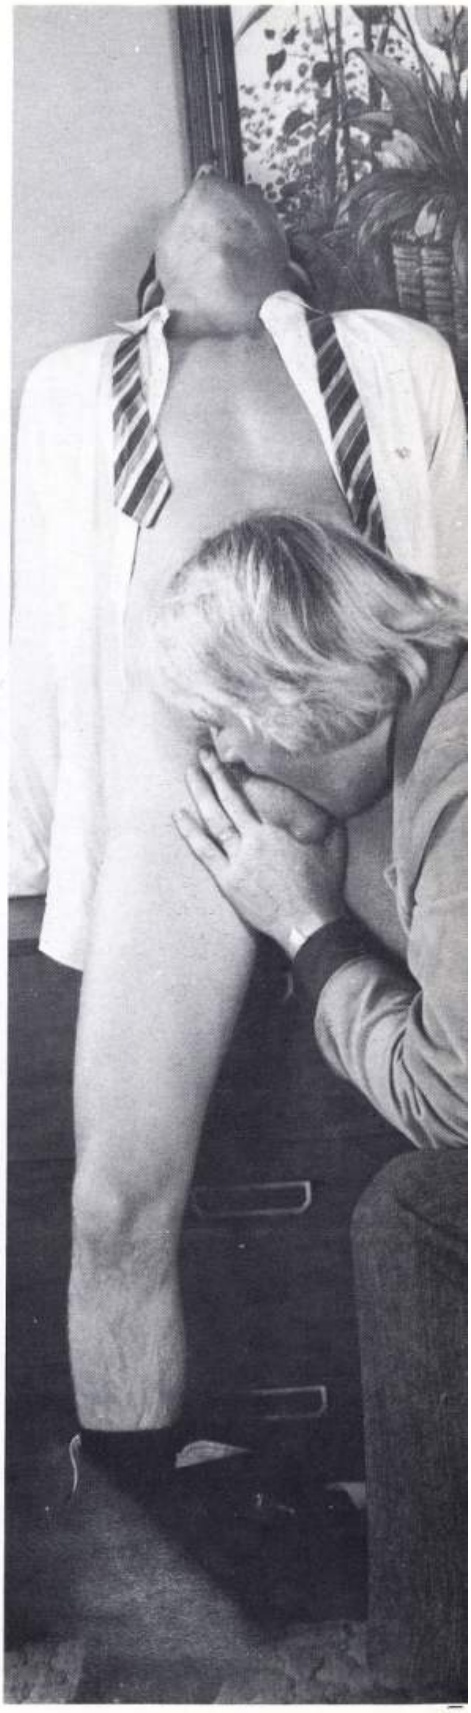
HARDON HIGH JOCKS



HardOn High Jocks





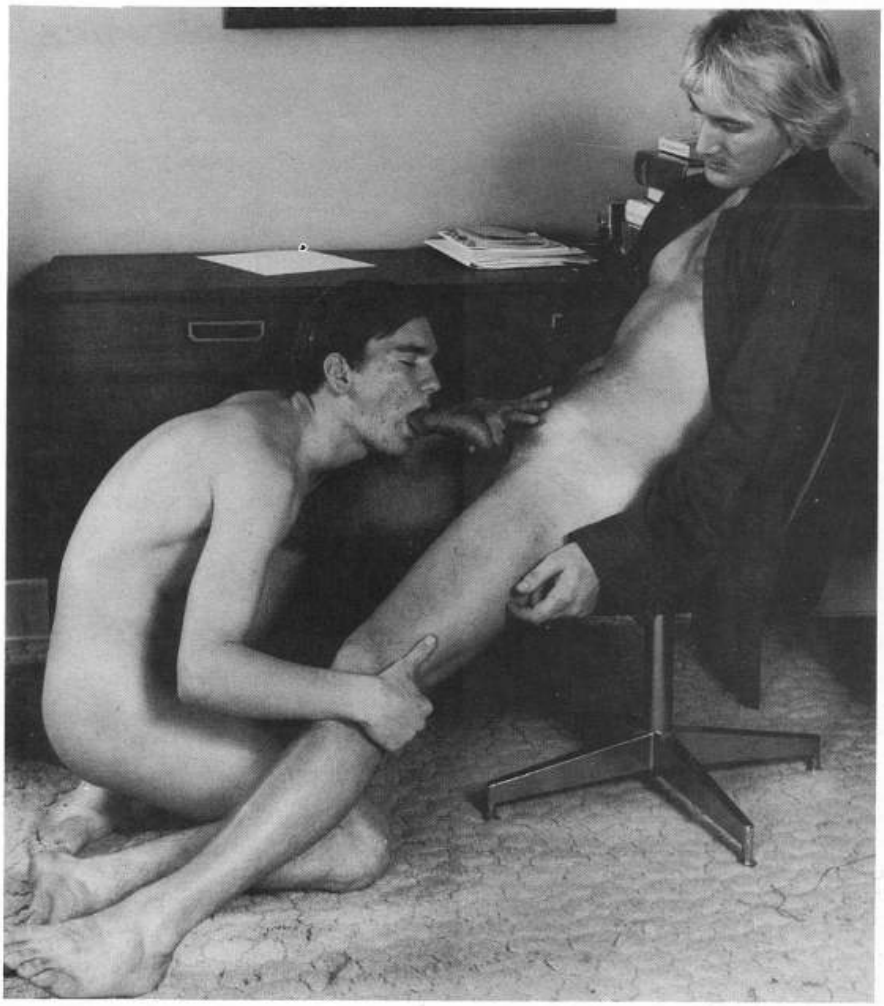


The wild, public sex that all the guys at Harden High School seemed to be engaging in was just getting out of hand. Steve Hampton, the boys' principal, knew that, but there seemed to be nothing he could do about it.

It was getting to the point that no one could go into a public men's room on campus without finding at least one or two different guys getting a quick blow-job. Steve knew that because he'd gotten more than his share of hot sucks in those johns! He'd given more than his share of blow-jobs, too!!

So far there had been no real problems. Most of the other teachers just looked the other way. Steve was sure that they must have known what was going on. Harden High's nickname, Hard-On High, was well known throughout the whole school district. It had even gotten to the point that teams actually fought to come to Harden to play their teams, knowing a long line of hot mouths and assholes would be waiting for them to fuck after the games!

All that hadn't really surprised Steve Hampton so much. The only



real surprise, and the very thing that caused the other teachers to look the other way, was the sudden excellent showing Harden had been making against the same rival schools that they had always lost all the athletic events to before.

Steve had to smile every time he thought about that. The kids on the various teams had found a surefire way to win. It was very simple. All they would do is rub against the other guys when they were competing! The teams at Harden would grab a handful of cock, or rub their firm young butts against the other team's hot crotches. Since what the other teams had really come there for was a quick hot suck or fuck, their young teenaged dicks were already fully stiff. It only took just the slightest touch to get them going, get their minds off the game and the Harden team always came out the winner!!

What was even funnier was that the losing team never seemed to complain! If it was because they didn't want anyone to know that they got turned on by another guy rubbing against their hot, young cocks or if they felt more than compensated by the hot mouth and ass action in the dorms after the game, no one could tell. All Steve knew was that, in spite of the fact he prepared himself for complaints of "unfair," he never got any.

At first he worried about the

ning into his office breathless. Don was not the athletic type and wasn't on any of the teams. He did hang around all the ball players, though, and had become the unofficial school 'mascot' of all the teams. While still gasping for breath, Don managed to tell Steve that he'd just come from the gym, where Shane Nelson, one of the new kids in the school, was having a wrestling practice.

Don told Steve how Shane was rubbing up against the coach and how the coach had gotten so turned on that he'd ripped Shane's wrestling uniform off and fucked the kid in the ass right there in front of three other members of the wrestling team!

All the guys watching, Don further related to Steve, had gotten so hot and bothered watching that ass fucking show that they had pulled out their own big stiff dicks

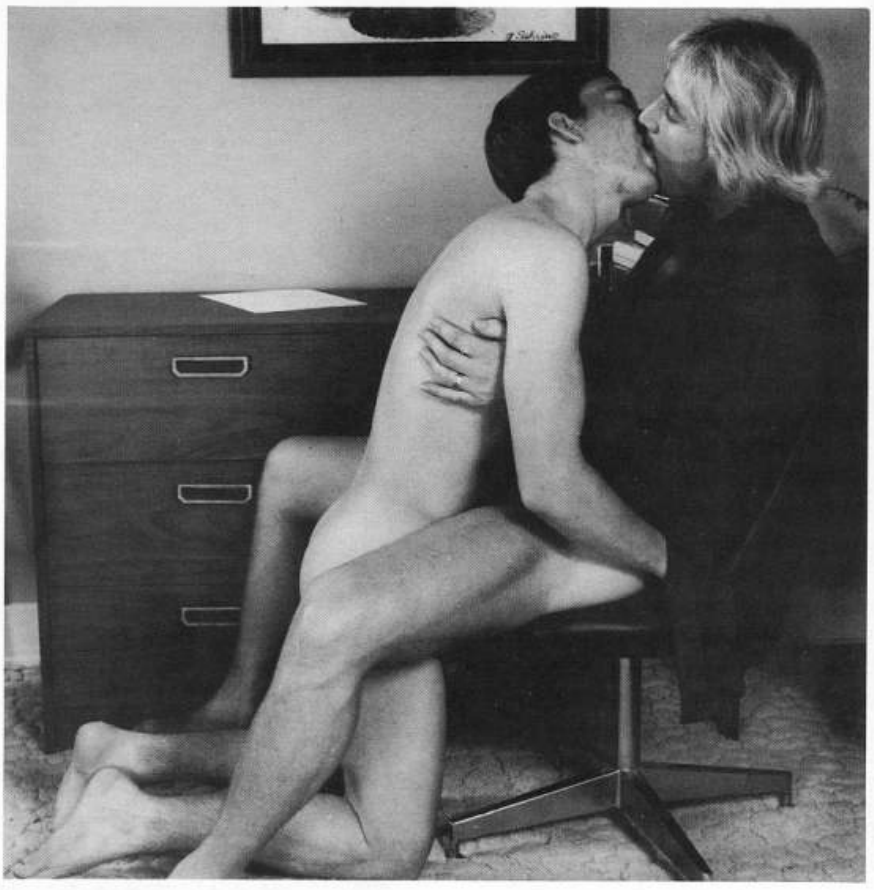
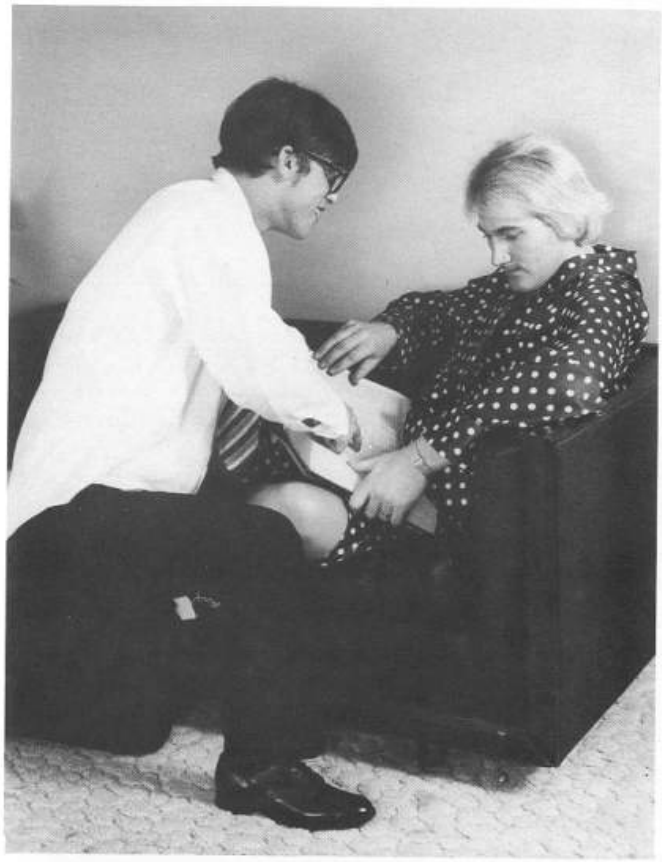
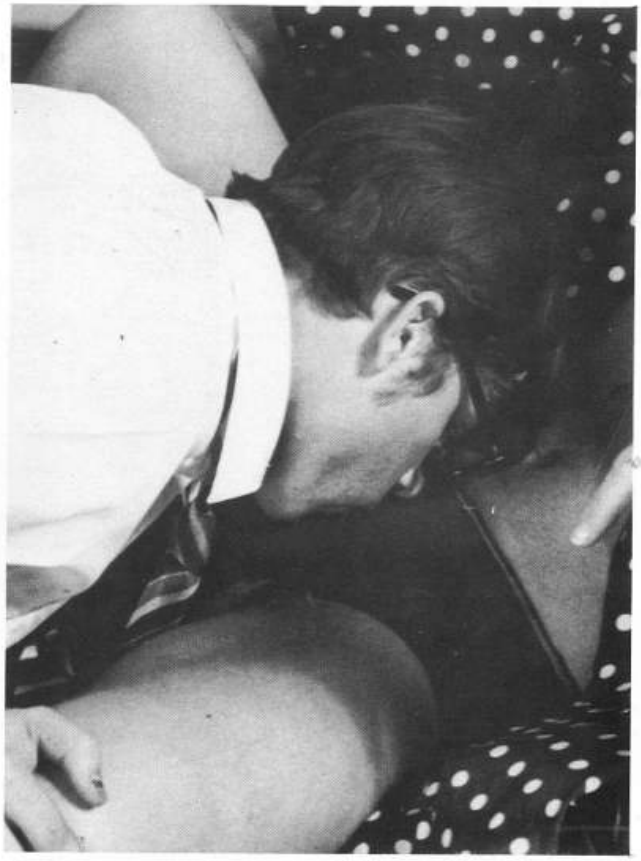
coaches of the other schools but one night when he was passing the athletic dorm he saw, through an open window, the coach of one of the visiting teams pumping his hard dick deep in one of Harden's players. From then on Steve knew that his worries were unfounded. The Hard-On team could get away with anything!!

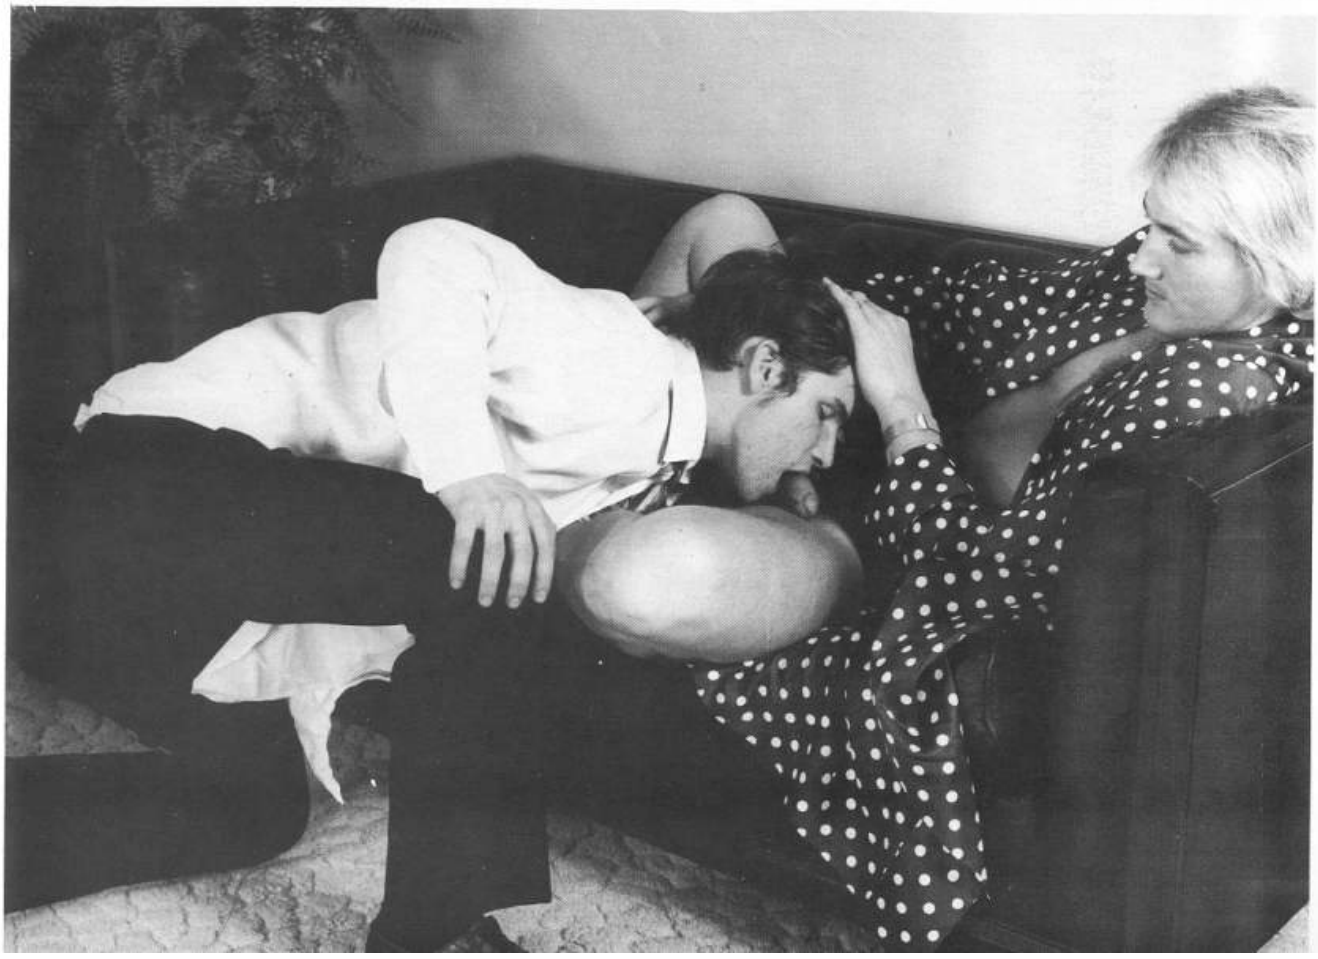
Steve knew all too well what was going on with the Harden coach. That big, rough stud didn't care how games were won just as long as they were won! At least, that was what he told the boys. Steve knew for a fact that the big, butch coach was starting to spend less and less time at home, with his wife, and more and more time in the dorm with the boys! Steve Hampton was sure of what was going on there!

His suspicions were confirmed one day when his young student assistant, Don Haley, came run-





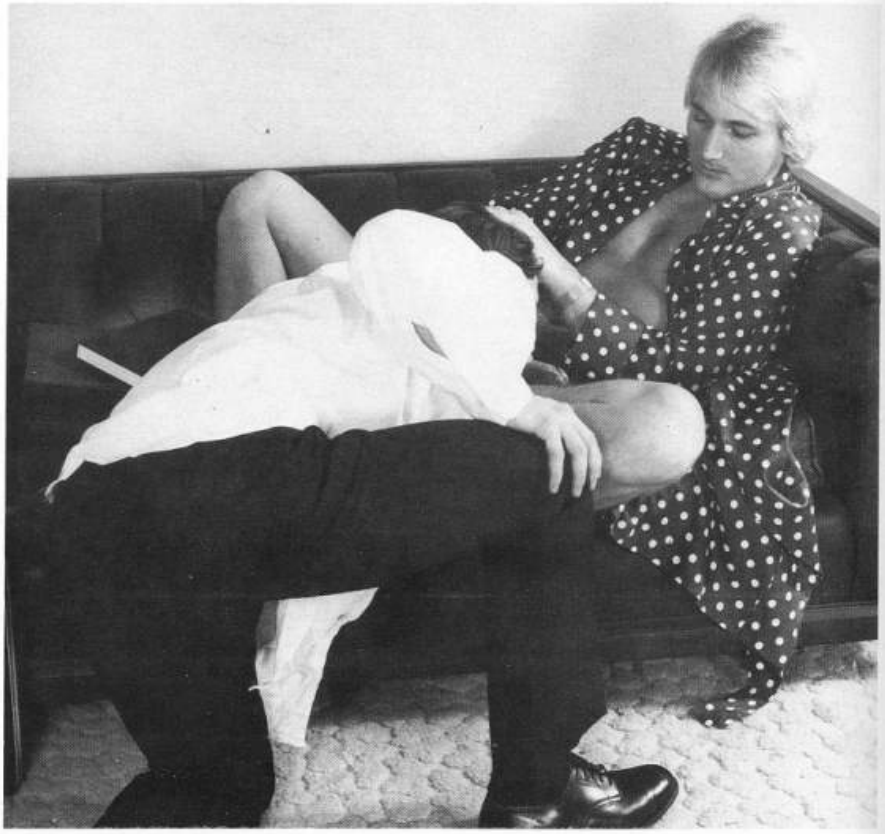


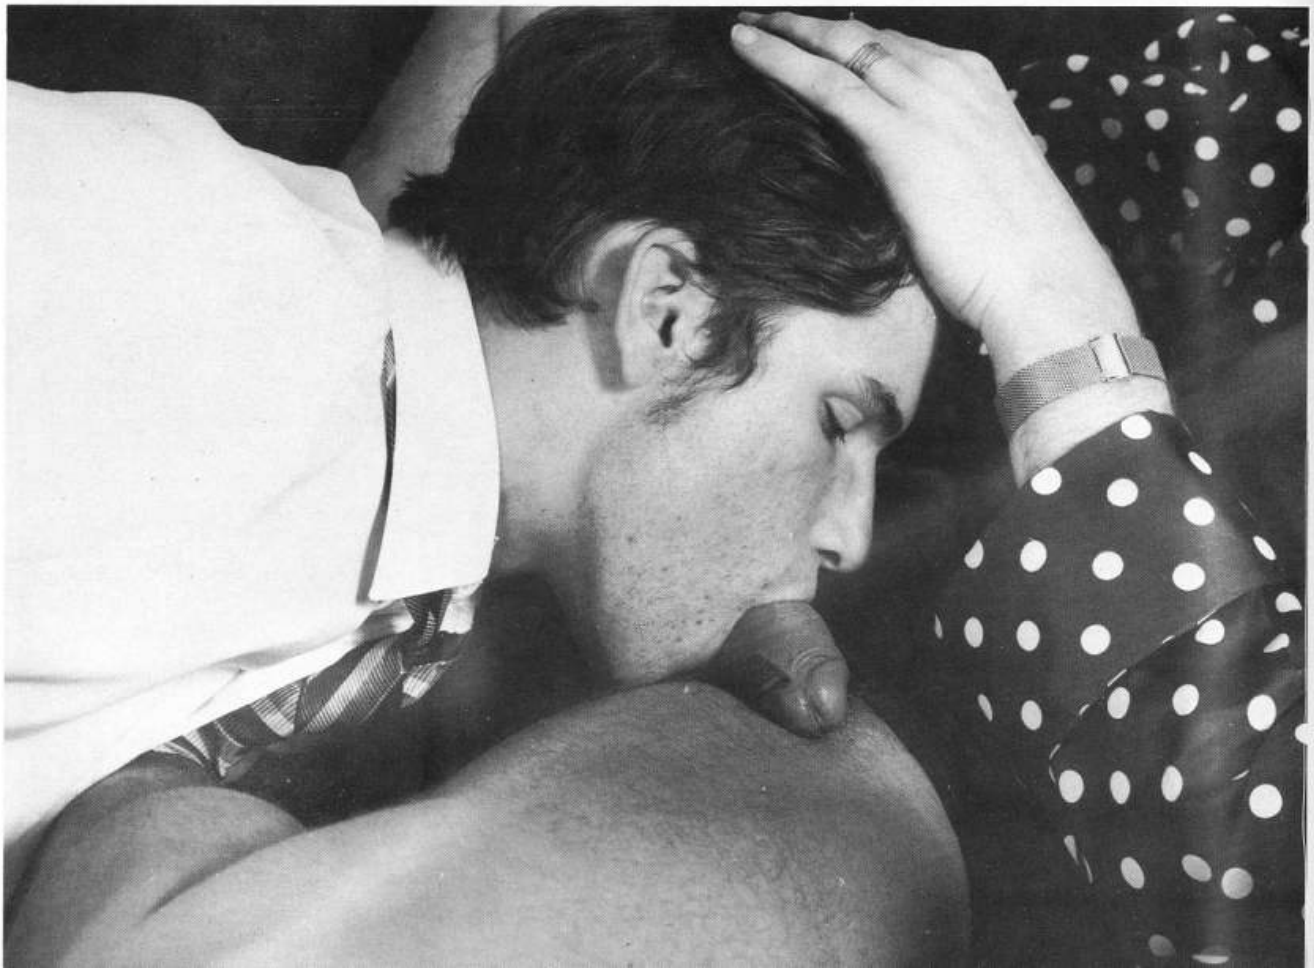


and were soon sucking each other off!

Steve moaned while Don was telling him that story. He couldn't help grabbing a fistful of hot dick and working it back and forth. That was exactly the effect Don was hoping to have on his big-cocked teacher. Don loved nothing more than having Steve shove his big rammer in that hot, tight asshole of his.

In a flash Don was on his knees and sucking Steve's big thick cock deep into his young throat. Steve, groaning in lust, was pumping his stiff, drooling dong as deep in that hot throat as he could send it. He pounded that teenaged face as brutally as he could. All the hot sex that seemed to cling to the whole school didn't make it any easier for Steve Hampton. The more sex he got the more he wanted!!





Don Haley felt the same way. It didn't matter how many hard cocks were shoved up his young asshole or down his sucking throat, all he could think about was getting another one to suck or get fucked with as soon as the one that was rammed in him had shot out its hot, slick cum load!

Don moaned while he was sucking Steve's big hard rod. He shoved a finger up his tight butt, finding his joy knob. His hand started giving his asshole a deep hard finger fuck while he sucked Steve as fast as he could.

Steve saw that action. He sure didn't want to be left out of tasting that hot, teenaged cock! The blond teacher pulled Don to his feet and plunged the teenager's hard young cock deep in his ready throat. Don groaned and barely caught himself before he blasted

his cum load out in that hot, sucking throat. His finger, still buried deep in his butt, was fucking even faster!

Finally, Don pulled himself away from Steve's hot mouth and, in deep, husky tones, begged his big, blond teacher to climb on his hot, young ass and plow the shit out of him! Steve was more than willing to do just that!!

That huge rammer shoved deep in his guts, scraping against his joy knob was much more than Don could take. He felt his nuts start to crack from the cock pounding his asshole was getting. He groaned, begging Steve to shove it even deeper and harder, faster and

faster! Steve gave one more deep thrust and the teacher's nuts let go a hot cum blast that Don could almost taste!!

That did it for Don. His own cum gushed out of his quivering cock in long, hot rivers, flooding both him and his hot teacher, covering them with hot spunk!!

That same scene was being repeated time after time all over the campus of the school. Hot young teenagers, who'd never even thought of sucking some other stud's hard cock, were taking every inch of their buddys' big stiffers deep in their throats. What had begun as just wanting a quick blow-job had soon turned into a hunger for hard, hot dick. There wasn't one guy on any of the school's teams who didn't love getting a big prick rammed deep in his quivering asshole! It didn't and couldn't stop with one or two cocks, though. Those hot, horny young athletes could hardly wait to get a load of hot nut cum before they were ready for the next load!

Every student at school felt the same. After Steve and Don had both shot out their steaming rivers of lava-hot spunk, they both went to the men's room in the library and took on every hard, ready cock they could find!

For the new kid, Shane, and his

roommate, Jeff, their need for hot sex took another approach. Those two cock-hungry young guys would go out, suck and get fucked by everyone they could find, then they'd go back to their rooms, still hot and ready, fall into bed and go to work on each other!

Jeff was the most active of all the football players. He'd always happily stop a practice to get a hard hot dick shoved in him. With Shane, he didn't have to try and stop anything. Ever since the coach had plowed his tight, hot, young asshole during wrestling practice that day, all the other guys on the team fought over who would take him on next. They would start out just wrestling then end up, after a lot of hot body rubbing, ramming cock after cock deep in his steaming guts. That was just fine with Shane! The more he got, the more he wanted!!

That afternoon, when Shane got back to his and Jeff's room, he was still shaking with lust. He'd popped his nuts three or four times but that did no good. The very last thing that had been done to him in the gym turned him on all over again. The school's star wrestler had a friend visiting him from another school. They both took Shane on at the same time.

There wasn't a lot of wrestling. The visitor had torn Shane's uniform off as soon as he was on the mat and rammed him deep with a huge, stiff dick. The school's star wrestler jumped right into the action, his own big rammer out from under his uniform and ready. Both of them fucked Shane at the same time!! Nothing had ever happened to Shane like that before and he was so turned on by both of those big things ramming his tight, young asshole that by the time he got back to his room he almost raped his hunky roommate!

Jeff was more than ready, though. He sure didn't need to be raped! The two boys fell across the bed and ripped open each other's clothes. The two huge stiff dicks that sprang out were quickly sucked into hot, young throats. They hadn't even bothered to close the door. That wasn't neces-

sary anymore, like it had been when the two of them had started exploring each other's bodies at the start of the school year. Now, all the dorm doors were left open so anyone who wanted to could either watch and jack-off or come in and join in the hot, teenaged sex scenes!!

Jeff shot one load of hot cum almost instantly. He hadn't gotten all the hot sex action that Shane had that day and was more than ready. All Shane had to do was shove his throat over that straining prick and out shot a load of hot, slick cum. Shane drank every drop!

That was fine with both kids, though. They had done it so many times that they knew that they were both just getting started!

Jeff swung around, his big stiffer still up at a full hard, and went to work on Shane. The hunky young wrestler drove that fuck-hardened dick of his in Jeff's throat as far as he could send it, then jerked it out, flipped Jeff over on his face and brutally shoved it deep in Jeff's asshole. Jeff screamed as the big thing plowed into his tight, young butt. The football player loved getting his ass fucked but would never

admit it. Shane knew this and they always went through the same action. Shane had to rape Jeff! Jeff always screamed at first but ended up begging Shane to do it faster and harder!!

The hot sounds of wild sex were what Don Haley heard when he passed the room. He looked through the open door and saw what the two guys were doing. There was still the taste of cum in his mouth from all the guys he'd sucked at the library but that didn't stop his cock from springing up in another instant stiffer. He pulled it out of his uniform pants and ran into the room, falling across the bed with those other two hot, young fuckers!

Don pulled Shane's pumping ass around and flicked his tongue into the tight brown opening of that fuck chute. Shane groaned and almost let go his hot cum blast. Nothing got to him like having some young stud rim his hot butt. Don knew that, but had other ideas on his mind for that hot, pumping ass!

The teacher's young assistant climbed on Shane, aimed his dripping cock at that quivering brown opening and shoved as hard as he could. Shane let out a hot grunt and shoved forward too, driving his dick even further in Jeff's flaming asshole. The three of them went wild, fucking viciously.

Soon, in front of the still open door, a lot of other guys gathered around, all jacking-off while watching the hot sex scene. It didn't take long for the watchers to start their own hot orgy, right there in the hall!!

The sex got wilder and louder. It could be heard all over the dorm. Soon every guy who lived in the athletic dorm had come

running down to where the action was going on, to get in on the hot sex. The screams and groans of hot lust got louder and louder. They could soon be heard *outside* the dorm too!! Guys just passing were coming in off the street to get in on the action!

It was the wildest thing that had happened on campus so far. The guys really went all the way that night, not caring who heard them!

When one of the teachers, one of those who didn't approve but was willing to look the other way because of the good showings that the ball teams had been making, passed the dorm he couldn't help but hear and figure out exactly what was going on. He started to go in and break it up. Those hot cries and moans left no doubt of what the young, horny athletes were doing. Something stopped

him. He knew that if he did, there would be an inquiry and most of the boys would be expelled. That would mean an end to the winning streak Harden was on. Instead he decided to report it to the teacher on campus that evening.

Steve Hampton was sitting in his office when the other teacher walked in. It was obvious that the man was upset but really didn't know how to approach the subject. He finally, haltingly, managed to blurt out to Steve that there was ". . . some kind of disturbance in the athletic dorm . . ." that he felt Steve should go over to investigate. The other teacher abruptly turned and left. Steve knew exactly what was going on there. His cock stiffened in his pants. He tried to push it down but it was no use. The idea of a wild, teenaged orgy turned him on like nothing else had in a long, long time. Still, he also knew that he had to keep that hot cock of his under control and had to act before the other teachers found out that he, Steve Hampton, head of the school, was just into as much hot, wild, man-to-man sex as the students!

Steve acted quickly when he got into the hall of the dorm, in spite of his throbbing prick. He saw the tangle of hot, cum-slicked, naked, sucking, fucking bodies. He pulled a few of the guys to their feet and made them all return to their rooms. His dick was still straining under his tight pants. He admonished the guys to do what they wanted but to at least keep the doors closed and keep the noise down so none of them would get in trouble.

During all that, Shane, Jeff and Don hadn't stopped their own hot sex scene for a second. They hadn't even bothered to close the door but just kept fucking and sucking!

Steve Hampton finally came back to the open door. He called

out to the guys but not one of them even looked up. They kept up all that hot sex activity. Steve's dick pressed against his thigh. His nuts were heavy with a cum load. His breath was harsh and shallow. He stepped into the room and pulled the door closed behind him. After fumbling with his zipper for a few seconds he finally managed to pull out his own throbbing stiffer and started working it back and forth in his hands. It was then, finally, that Shane looked up and saw him. He reached out and drug the blond teacher to the bed.

The hot sex went on far into the night. All four of them did everything they could think of to

It was almost dawn when Steve finally left the room. He'd expected to have to go back to his office to file a report about what he'd found. He sat behind his desk waiting for the teacher who'd first reported what was going on to come in to find out what had happened. That never came about. Steve saw the man only briefly when he passed him on the way to a class. The man gave him a small smile and went right by, his head dropped. After that class, Steve went right back to his office and tore up the report that he'd started but which he was never able to get past the first few sentences.

There was not one more mention of the incident after that.

each other. Everyone's asshole got a big cock shoved in it. Every mouth got a stiffer plunged in it as far as it would go. Cum flowed. It spurted out in assholes, deep in well-fucked throats, all over twisting hot young bodies only to be licked clean by another hot mouth.

After one of them would shoot out his hot cum, he'd lay for a while panting but the sight of what the others were doing soon got to him and his cock would be up, stiff and thick, again, and he'd get right back into the hot action!

What there was, after that, was a lot more open, hot sex on campus. Soon it was nothing to walk into the shower of the gym and see five or six guys sucking and fucking, not even trying to hide from anyone. The action even got to the coach. He actually never did it in public with the other kids but could be seen standing and watching, clutching his huge dick through his pants. Soon after watching, he always called one of the hottest looking kids to his office for what he called a "private conference." The kid would always come out looking like every hole in his young body had been rammed with a telephone pole!

The scene in Jeff's and Shane's room with Don and Steve got to be a regular thing. Now, they always left the door wide open so anyone who wanted to, could watch, jack-off or join in. There were no more complaints from anyone!

It was with a great deal of regret that Steve looked forward to graduation day. Both his assistant, Don Haley, and the hot-assed, slick-throated kid, Shane Nelson, were going to be leaving. Of the four of them, only Jeff Reynolds, the stud athlete that liked to get ass-raped, was going to be around for the next year. True to form, even during graduation, the guys

couldn't seem to keep their hands off each other. That night, after the school party, the whole dorm was one, long, hot, loud orgy!

Steve Hampton sat behind his desk. It was the start of a new year. He idly flipped through a few pages of student files, then sighed. His cock was stiff and throbbing under his pants. He longed for the past year as he gave his big rammer a tight-fisted squeeze.

At that moment Jeff Reynolds opened the door and walked in, unannounced. The hunky young athlete smiled, rubbing the stiff mound in his crotch. He asked Steve if the job of assistant was open, since Don had graduated the year before. Steve could only stare as the kid opened his pants and pulled out his huge, stiff cock.

Jeff didn't wait for an answer, he ripped open Steve's pants and pulled out the blond's big, drooling rammer, sucking it deep in his throat.

Steve wasted no time, he tore off both his and Jeff's clothes and, pushing Jeff across the couch, fell on top of him.

After the hot sex scene, Jeff smiled as Steve told him he had the job. Then, together they started planning how they were going to get together a team just like the one they had last year!!
